

Discussion topic:

Referencing and referencing software

Ideas for discussion

Collusion - problem with groupwork.
Hints & tips
Real-life examples - e.g. student who bought essay

identify bits of ref drag & drop.

- What referencing systems are used in your institution? Newcastle. CSE award - help w. ref'g > software (EN) EN & RW
- Do you teach referencing or the software?
- What software do you support? 1st week 1st year u.g.s use Ref. EN probs off campus
 - Purchased/licensed
 - Free (if not - should we) Challenges - where draw line in support.
- What do the students use? no-one teaching - get Mendeley in to teach. Papers - price
- What are the pro's/cons of different software? RefWorks Web ProQuest to own style Word, Mendeley, Zotero. who to use EN
- Hints and tips for teaching referencing - link to plagiarism.

Referencing apps - scan barcode

in conjunction w. plagiarism - stu's understanding of intell property.

Difference betw lecturers. x consistency

Academic integrity - useful context f. students Explain - make clear your ideas & others - positive reasons. Show work put it into

Referencing - good bibliog but x citis in work:
 Queries - don't understand basics - knowing = jnl article / ebook etc
 Explain what is.
 1) Find 2) refer back & how to reference.
 F 1st yrs - confused by EndNote. Harvard @ Newcastle - based on Cite them right. Default
 Need to know what all schasts recommending
 Problems of different styles. Just teach principles.
 Struggle w. paraphrasing
 Ref g means not plagiarising - way to get it across.
